

ALUMINUM & GALVANIZED

Three Row Aluminum & Galvanized Bleacher

Standard Aluminum and Galvanized 3 and 4 Row Bleachers

Aluminum seat planks and galvanized steel under structure provide the most durable, stable bleacher on the market.

- 15' or 21' long seat planks are 10" wide non-skid aluminum
- Planks are supported by a strong, galvanized steel understructure made of 3/16" X 1-1/2" steel angle.
- Four row bleachers do not exceed 30" in height, therefore guard rail may not be needed! (Check your local codes)
