## **SE371 - STEEL DISCUS CIRCLE**

## **SPECIFICATIONS**

The SE371 Steel Circle consists of three flat segments that are installed end to end to form an 8' 2 7/16" circle. Each segment is roll bent out of 1/4" x 1 1/2" steel strip to a radius of 49 7/32". This product is designed to be bolted to the surface of a new or existing level pad. Mounting holes are to be drilled by the installer to match new or existing anchor holes. This circle is compliant with NFSHSA specifications for high schools.

NOTICE: All installations should be conducted by experienced contractors and in accord with all applicable codes, laws and regulations. Suggested instructions herein are illustrative only and should be adapted to suit local requirements. SportsEdge is not responsible for the manner in which these products are installed.
