

**Specifications:**

- SE-502 Vault Box is fabricated from 1/4" thick 5052-H32 grade aluminum.
- Sides and bottom of the box are formed from one piece of aluminum.
- The back wall is a separate piece of aluminum, continuous welded to the unit.
- Outside edges are folded down to minimize sharp edges.
- Side of Vault Box has flanges on each side to lock in in the concrete.
- Exterior Surfaces are uncoated.
